2011 Business Report

Business environment

Macro business environment could be considered by many as unprecedented in year 2011. Participants in this market were overloaded with information such as political uncertainties, over indebtedness of certain European countries, increasing money supplies by collective efforts of western governments, and, ironically, over-tightening monetary policy enforced by China. Such events affected not only mentality and confidence, but also the real business activities. As a global player, Far Eastern New Century (FENC, the Company) was inevitably affected by the aforesaid macro factors.

Monetary policy adopted by the Beijing government in 2011 should be the first factor to be mentioned. The Peoples' Bank of China (PBOC) raised the Required Reserve Ratio by 12 times in less than nine months, up from 16.5% all the way to 21.5%, in order to fight against a phantom inflationary expectation. Reluctantly, private enterprises based in China had increasing difficulties to finance their working capital at a reasonable cost, and some of them even have to source capital from "shadow banks" at a cost of 40-50% per year. As a result, trading activities with China counterparties were paralyzed. PBOC began to lower rate at end of 2011. However, the change at monetary policy arrived too late, and the GDP growth in China has already entered into an extended slowdown period.

Over indebtedness of certain countries in the Euro zone affected the business prospect of the company in year 2012. Few had confidence that the intensive and coordinated rescue efforts can successfully prevent over-indebted countries from insolvency. To compound the issue, reduction at the government deficits and borrowings inevitably has an adverse impact on consumer spending. A recession to some extent at the Euro economy in 2012 seems to be a consensus now in the market.

Economic chaos, compounded by political uncertainties in North Africa and an unfortunate natural disaster in Japan, led to increasing volatility at prices of major commodities. Cotton price, after reaching a record high of US\$2/lb, collapsed to only 85 cents per pound. Crude oil prices were also highly volatile. All made the company difficult to manage the inventory level and control the raw material costs.

Operating results

FENC and its subsidiaries received several honors and awards in 2011. The Asia Magazine (or Yazhou Zhoukan) awarded the Company "The Best 1000 Chinese Company in 2011", and FENC is the only company based in Taiwan to receive this award. FENC was also awarded by the CommonWealth Magazine the "Year 2011 Taiwan's Most Admired Company", an honorable recognition from the Taiwanese local society.

In addition to the non-financial achievements, FENC managed to deliver a financial results, relatively stable compared to its peers, in year 2011, and most of expansion projects of the Company were executed on schedule, despite the fact that macro economic situation was challenging. On the consolidated basis, the revenue reached NT\$235.7 billion. On the parent-alone basis, the revenue arrived at NT\$61.6 billion, rising by 15% YoY, mainly thanks to the capacity additions achieved by the Polyester Department in 2011. The net income experienced a minor dip to NT\$11.1 billion, translating into an earnings per share of NT\$2.26. The Board of Directors has resolved to pay dividends of NT\$2.0 per share – NT\$1.7/share in cash and NT\$0.3/share in stocks, representing a total payout ratio of 88.5%. The Board also recommends each shareholder to vote FOR the dividend payout proposal in the Annual Shareholders' Meeting.

Several specific strategic moves were also made by the Company in 2011 to pursue further growth, while fulfill the mission of the Company, and those moves are recapped below:

Company re-organization – promoting professional managers to achieve disciplined growth

Since its inception, the Company has been prospering from a small cotton mill into a multi-billion market cap company with diversified investments in past 62 years. To accomplish continual aggregate growth of the entire Far Eastern Group, and to re-enforce the mission and its original entrepreneur passion of the Company, the Board of Directors resolved to re-organize the Company in July 2011. Four Business Department – Petrochemical, Polyester, Textile, and Administrative, were established. Each Business Department now is led by a President, and every President is an experienced professional manager, instead of the owners' family member, selected by the Board.

Petrochemical Department – Continual expansion to enhance economies of scale

Oriental Petrochemical (Shanghai) and Oriental Petrochemical (Taiwan) comprise the Petrochemical Department, which currently manages factories with a total capacity of 1.7 million tons of PTA, a major raw material for the production of polyester products. Capacity expansion is necessary to be cost competitive in this commodity business; therefore, the Petrochemical Department plans to go for green-field projects in both Taiwan and China. A new PTA factory, located at Guanyin, Taiwan with an annual capacity of 1.5 million tons, is on the drawing board. A joint-venture was formed with Sinopec Yizheng to build another green-field PTA factory in Yangzhou, Jiansu Province, and the designed capacity is 2 million tons per year. New lines in Taiwan and China are slated for commercial operation in 2013 and 2014, separately. The total PTA capacity of the Company will arrive more than 5 million tons per year, making FENC one of the top producers in the world.

Polyester Department – Top scale worldwide with diversified applications

FENC is one of the largest polyester producers in the world, with a capacity of 2 million tons per year. Applications of its polyester products are very much diversified; moreover, currently non-apparel and recycled/recyclable applications are priority products that the Company is promoting and expanding. FENC now is the largest worldwide supplier of amorphous PET sheets and staple fibers used for non-apparel purposes, such as thermal bonding, non-woven, insulation, and upholstery. As the awareness of conserving the environment is proliferating, the demand for

recycled/recyclable polyester products is rising at an accelerating rate. In order to fulfill the increasing demand from international beverage producers such as Coca Cola, food-grade recycled PET (*r*-PET) resin is a product that the Company is adding capacity most aggressively. Heat-shrinkage PET film is the other environmentally friendly products with, in our opinion, great growth potential, as it is used to replace toxic, un-recyclable PVC films.

With respect to the filament yarn products, FENC has been making efforts to differentiate its products. Functional filament yarn to regulate body temperature is our best selling product in past one year. In winter 2011, FENC successfully launched its proprietary TopHeat™ fibers. The company is planning to launch another new fiber in the coming summer, TopCool™, which we believe will be a leading product in the market to re-shape the fiber industry.

Textile Department – differentiated products targeting at high-end niche market

Textile Department mainly produces fabrics, targeting at top-notch international brand names. Trendy design for fabrics used for apparel purposes is only a must nowadays. Functionality is the key to differentiate our products. FENC is able to produce special fabrics, which are light-weighted, more stretchable, can release more moisture, and endure repeated washing and wearing than conventional ones. FENC can also produce fabrics by using post-consumed PET bottles. Dry-fit and recycled fabrics made by the Company were selected by Nike to use in the FIFA World Cup™ for two consecutive years. Fabrics produced by the Company used for industrial purposes are mainly the materials for tire cords and conveyor belts. The Company now is already in the process of receiving quality endorsements for the world top-ten tire makers for its tire cord products. In addition to the rubber-dipped conveyor belts, FENC also diversify into conveyor belts coated with other thermal elastomers. Four more production lines for conveyor belt fabrics are slated for commercial operation in 2013, and then, FENC will be the largest producer of such product in China.

Subsidiaries – Taking advantage of the further deregulation of cross-strait relations

FENC controls interests of a diversified portfolio, including several major industries. Telecommunication, Retail, and property businesses are the most important ones in this portfolio, and the combined market cap and the combined contribution to the net income of the Company is more than 70% and 80%, respectively, in year 2011. Moreover, FENC received a net cash dividend of NT\$8.6 billion from these subsidiaries, allowing the parent company to pay shareholders a handsome dividend.

Far EasTone Telecom remains as the most important subsidiary owned by the Company, comprising 50% of the total affiliate earnings in 2011. Revenue and profit derived from data transfer has become the growth driver of the telecom business. Far EasTone foresaw this trend and launched multiple applications ahead of its peers, making itself the number one player in this market in terms of market share of data revenue. Moreover, Far EasTone formed a joint venture with the largest telecom company in China, China Mobile, in year 2009, when Taiwanese authority decided to deregulate the investment restrictions of Taiwanese companies across the Taiwan Strait. Only in two years, FETone has already uploaded more than 400 Apps on the network of China Mobile, allowing customers in China to download. One of its applications, iSmart Market, has

accumulated more than 2.3 million downloads. Besides, O music, eBook Town, eComic, etc. are also well-accepted by Chinese customers, making the data revenue of FETone grow by more than 48% in year 2011, from NT\$2.7 million to NT\$4.0 million.

The retail business expanded into large-scale shopping mall in both Taiwan and China, accelerating the growth of the market share. The grand openings of Mega City in Banciao, New Taipei City and the Top City in Taichung City at end of 2011 presented the citizen a new style of shopping combined with entertainment, making the revenue of the retail business experience a high double-digit growth. The Big City in Hsinchu was opened in January 2012, and the new business model, in combination with the introduction of international luxury brands in this mega mall, can further raise the growth rate of the retail business territory.

Monetizing the idled lands has been the priority objective of the Company for years, and it has begun to contribute to the net income of the Company in year 2011. The disposal of Residential I project – California Dream at the T park (Taipei Far Eastern Telecom Park) project of Banciao generated a total net profit of more than NT\$4 billion. The first phase of commercial area in T park was also completed and began commercial operation in February 2012. Several international telecommunication related organizations, such as the research headquarters of Ericsson, have resided in the park. Some local famous companies, such as E Sun Bank and Wang Steak Restaurant Chain also moved in, improving the quality of living, working, and entertaining for people live or work in the neighborhood. The value of the remaining land holdings, in our opinion, should have been raised after the completion of the phase I development.

Plans and prospects

On the solid foundation built-up by the Company in past six decades, FENC believes only innovation can re-invent and re-gain the growth momentum in the future. Guided by the mission of the Company and disciplined management, the growth target will focus on the followings:

New organizational structure and establishing succession plans

Precise execution of the Company's strategy is the key to success, and precise execution relies on the right person at the right place. As mentioned above, the Company has been re-organized into four major Business Departments, and each department is led by a professional President. The next step is to establish a succession plan of the top managers, in order to rejuvenate the whole management team phase by phase to achieve the strategic objective of the Company.

Continual expansion at capacity to sustain growth

Several expansion projects are on the drawing board or already have been in the process of construction:

Petrochemical Department: Oriental Petrochemical (Taiwan) plans to build a new PTA factory with an annual capacity of 1.5 million tons. This expansion project is on the drawing board and conducting feasibility study. The expansion of PTA capacity in China will be accelerated by the Company. Oriental Petrochemical (Shanghai) had formed a joint-venture with Sinopec Yizheng

Chemical and Fibers to build a green-field PTA factory with a capacity of 2 million tons per year at Yangzhou, Jiangsu Province, China. The construction of this project is started and slated for completion by the end of 2014. Provided all expansion plans can be completed on schedule, FENC will make itself become one of the top producers in the global PTA business.

Polyester Department: The expansions of *r*-PET (recycled PET resins), amorphous PET sheet, and heat-shrinkage PET film are under construction. A single PET production line, with a capacity of 700,000 tons/year, is planned at the Yangzhou site in Jiangsu Province, China, provided relevant licenses can be granted. This is the largest single PET production line in the world, with the most advanced production technology. The completion of this new production line will double the PET capacity of the company in China, and the production cost will be much competitive for its mass scale relative to peers.

Textile Department: The phase II expansion of industrial yarns and fabrics used for conveyor belts and tire cords are under construction at the Suzhou site, China. Dyeing and finishing capacity is also being expanded at the same location. Capacities for apparels are already expanded at the Vietnam site, and a new site at Suchien, Jiangsu Province was established and commercial operation was commenced in 3Q11.

Sustainability management creates entry barrier

In light of the worsening problems of global climate change, and the increasing awareness of environmental conservation, FENC has committed to the innovation and promotion of green products. At the R&D center of the Company, a new team dedicated to the environmentally-friendly materials was established in 2010. A special committee dedicated to the bio-based energy and bio-based materials was formed in 2011. The key purpose of these teams is to create and promote recycled PET resins and bio-based PET resins to meet the demand from our major customers; meanwhile, carry out the social responsibility of the Company. In 2011, FENC was awarded by Ministry of Economic Affairs (MoEA) of the “The Most Environmentally Friendly Company”. Products recognized by MoEA and allow the Company to be awarded include: 1) FEPOL[®], a bio-degradable material used for packaging purpose for food and beverage; 2) Pro-Green[™], a kind of recycled PET resins for food packaging purpose, and 3) recycled polyester fibers. FENC successfully turns the waste into resources, reduces the consumption of petroleum and the emission of green-house gas, and in the meantime, creates a niche market in which FENC is unrivaled by peers.

R&D effort constitutes the foundation for sustainability management

Innovation and R&D efforts differentiate FENC from its peers in the competitive polyester industry. The R&D center comprises of five teams – polyester, high-molecule polymers, green products, optoelectronics, and bio-medical products. An R&D team is also established in Shanghai, in order to incorporate the talents based in China. A new R&D team is considered to be set up in Yangzhou, Jiangsu Province to strengthen the R&D ability of the Company.

Corporate social responsibilities

In addition to the recycled/recyclable, bio-based, and bio-degradable products that FENC is dedicatedly promoting, the Company believes it has to contribute to the welfare of the society and common good. In this aspect, FENC has established several non-profit Foundations and sponsored programs dedicated to the promotion of medical, educational, cultural, and scientific activities. Far Eastern Memorial Hospital (the Hospital) has gained a well known reputation for its medical treatment of cardiovascular diseases while being the largest medical center in New Taipei City with 1,100 beds. The construction of the Phase II expansion of the Hospital is underway, and will open a new wing with additional 400 beds by the end of 2013. The Hospital has received the “National Quality Award” from the Executive Yuan for several consecutive years.

Moreover, Far Eastern Y. Z. Hsu Science & Technology Memorial Foundation has been sponsoring the “Y. Z. Hsu Scientific Award”, encouraging research activities on nanotechnology, optoelectronics, and biotechnology in Taiwan. Believing that education is the most important way to cultivate talents for the society, Far Eastern Group has established and continually sponsored the Yuan Zi University and Oriental Technology Institute. Far Eastern Memorial Foundation, dedicated to supporting art and cultural activities, has sponsored “Far Eastern Architectural Award” in past one decade, which is recognized as the leading award in the architecture industry.

We sincerely thank the continual supports from our shareholders and dedicated efforts of our employees. The management team is determined to persevere with the company’s great tradition, its founding spirit “Sincerity, Diligence, Thrift, Prudence” and “Innovation”, to deliver excellence as it always does. Meanwhile, the management is also inspired by the new mission of the Company: “Having innovative thinking, superior technology, and excellent managerial skills, we aim to lead the polyester industry and maximize the value of our holdings in estates and equities, and that shall bring happiness and prosperity to the community where we ourselves belong.” We believe we can and we will request ourselves to aim higher and to deliver better results, making sure our shareholders will be better rewarded in the coming years.

Independent auditors' report

The Board of Directors and the Stockholders
Far Eastern New Century Corporation

We have audited the accompanying balance sheets of Far Eastern New Century Corporation (the "Company") (formerly Far Eastern Textile Ltd.) as of December 31, 2011 and 2010 and the related statements of income, changes in stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. However, we did not audit the financial statements of certain investees as of and for the years ended December 31, 2011 and 2010. The direct and indirect stock investments in these companies were all accounted for by the equity method. The carrying values of these investments, included in the accompanying balance sheets, were 1.30% (NT\$2,363,491 thousand) and 1.31% (NT\$2,116,579 thousand) of the Company's total assets as of December 31, 2011 and 2010, respectively. As shown in the accompanying statements of income, the Company's equity in net gain of NT\$244,939 thousand and gain of NT\$255,710 thousand of the foregoing investees were 2.06% and 1.97%, respectively, of the Company's income before income tax in 2011 and 2010, respectively. The financial statements of these investees were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts pertaining to the above investments, is based solely on the reports of the other auditors.

We conducted our audits in accordance with the Rules Governing the Audit of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Those rules and standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of other auditors, the Company's financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Far Eastern New Century Corporation as of December 31, 2011 and 2010 and the results of its operations and its cash flows for the years then ended, in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers, requirements of the Business Accounting Law and Guidelines Governing Business Accounting relevant to financial accounting standards, and accounting principles generally accepted in the Republic of China.

As disclosed in Note 3 to the financial statements, starting on January 1, 2011, the Company changed its method of calculating depreciation expenses from the fixed-percentage-of-declining-balance method to straight-line method and service lives from 7 to 15 years to 15 years. This accounting change resulted in increases of NT\$215,835 thousand in net income and NT\$0.044 in after income tax basic earnings per share in 2011.

Note 23 (h) to the financial statements describes a case related to the Department of Commerce's nullification of Pacific Liu Tung Investment Corporation's (PLT, an equity-method investee of the Company) registration of a capital increase and relevant registrations. The impact of this case on Far Eastern New Century Corporation's controlling interest and several recapitalizations done by the Company and its subsidiaries, which are PLT's investors, will depend on the final judgment of the court.

According to Note 24(a) of the financial statement, on February 13, 2012, Taipei District Court of Taiwan assigned Chen-Rong Chuan, Wang-Gong and Jian-Min Qiu as the temporary receivers of PLT. Far Eastern Department Stores (FEDS), an equity-method investee of the Company, along with a number of other interested parties, have appealed against the ruling made by Taipei District Court of Taiwan. On February 29, 2012, the Department of Commerce had accomplished the registration of the aforesaid temporary receivers of PLT.

We have also audited the consolidated financial statements of Far Eastern New Century Corporation and subsidiaries for the years ended December 31, 2011 and 2010 (not presented herewith) and have expressed a modified unqualified opinion thereon in our report dated March 29, 2012 on the basis of our audits and the reports of the other auditors.

II. Meeting Rules of Stockholders for Far Eastern New Century Corporation

As last amended on June 12, 2002

Article 1 The stockholders' meeting of the Company shall be held according to the rules herein.

Article 2 The location for stockholders' meeting shall be the Company's place of business or a place convenient for attendance by stockholders (or by proxies) that is suitable to holding of this meeting. The meeting shall be held between 9:00AM and 3:00PM. The stockholders (or proxies) when attending the meeting shall wear admission badge and hand in signed attendance form to be used to calculate the number of attending shares.

The Company may appoint lawyers, accountants or related personnel to attend the stockholders' meeting.

The personnel in charge of handling the affairs of the meeting shall wear identification badge or armband.

For a stockholders' meeting convened by the board of directors, the chairman of the board of directors shall preside at the meeting. If the chairman of the board of directors is on leave or unable to exert the rights, the vice-chairman of the board of directors shall preside instead. If the position of vice-chairman is vacant or the vice-chairman is on leave or unable to exert the rights, the chairman of the board of directors shall designate a director to preside at the meeting. If no director is so designated, the chairman of the meeting shall be elected by the board of directors from among themselves. For a stockholders' meeting convened by any other person having the convening right, he/she shall act as the chairman of that meeting; if there are two or more persons having the convening right, the chairman of the meeting shall be elected from among themselves.

The complete processes of the meeting shall be recorded by voice or video recorders and all the records shall be kept by the Company for a minimum period of at least one year.

Article 3 The chairperson shall announce starting of the meeting when the attending stockholders (or proxies) represent more than half of the total shares issued in public. The chairperson may announce postponement of meeting if the legal quorum is not present after the designated meeting time. Such postponement is limited to two times and the aggregated postponed time shall not exceed one hour. If quorum is still not present after two postponements but the attending stockholders (or proxies) represent more than one third of the total shares issued in public, tentative resolution/s may be passed with respect to ordinary resolution/s by a majority of those present.

After proceeding with the aforesaid tentative resolutions, the chairperson may put the tentative resolutions for re-voting over the meeting if and when the shares represented by the attending stockholders (or proxies) reached the legal quorum.

Article 4 If the stockholders' meeting is convened by the board of directors, the agenda shall be designated by the board of directors. The meeting shall proceed in accordance with the designated agenda and shall not be amended without resolutions.

If the meeting is convened by person, other than the board of directors, having the convening right, the

provision set out in the preceding paragraph shall apply mutatis mutandis.

Except with stockholders' resolution, the chairperson shall not declare adjournment of the meeting before the first two matters set out in the agendas (including extemporary motions) are concluded. During the meeting, if the chairperson declares adjournment of the meeting in violation of the preceding rule, a new chairperson may be elected by a resolution passed by majority of the attending stockholders to continue the meeting.

When the meeting is adjourned by resolution, the stockholders shall not elect another chairperson to continue the meeting at the same location or another venue.

Article 5 The stockholders (or proxies) shall complete statement slip setting out the number of his/her attendance card, name and statement brief before speaking, and the chairperson will designate the order in which each person is to speak during the session.

No statement will be considered to have been made if the stockholder (or proxies) merely completes the statement slip without speaking at the meeting. If there are any discrepancies between the content of the statement slip and the speech made, the statement to be adopted shall be the statement confirmed.

Article 6 Any proposal for the agendas shall be submitted in written form. Except for the proposals set out in the agenda, any proposal by the stockholders (or proxies) to amend, substitute or to initiate extemporary motions with respect to the original proposal shall be seconded by other stockholders (or proxies). The same rule shall apply to any proposal to amend the agenda and motion to adjourn the meeting. The shares represented by the proponents and the seconders shall reach 100,000.

Article 7 The explanation of proposal shall be limited to 5 minutes. The statement of inquiry and reply shall be limited to 3 minutes per person. The time may be extended for 3 minutes with the chairperson's permission.

The chairperson may restrain stockholders (or proxies) from speaking if that stockholders (or proxies) speak overtime, speak beyond the allowed frequency or content of the speech is beyond the scope of the proposal. When a stockholder (or proxy) is speaking, other stockholder (or proxy) shall not interrupt without consent of the chairperson and the speaking stockholder (or proxy). Any disobedient of the preceding rule shall be prohibited by the chairperson. Article 15 of this meeting rule shall apply if the disobedient do not follow the chairperson's instructions.

Article 8 For the same proposal, each person shall not speak more than 2 times.

When a juristic person is a stockholder, only one representative shall be appointed to attend the meeting.

If more than two representatives were appointed to attend the meeting, only one representative is allowed to speak.

Article 9 After speaking by the attending stockholder (or proxy), the chairperson may reply in person or assign relevant officer to reply.

Over the proposal discussion, the chairperson may conclude the discussion in a timely manner and

where necessary announce discussion is closed.

Article 10 For proposal in which discussion has been concluded or closed, the chairperson shall submit it for voting.

No discussion or voting shall proceed for matters unrelated to the proposal.

The personnel responsible for overseeing and counting of the votes for resolutions shall be appointed by the chairperson with the consent of the stockholders (or proxies). The person responsible for vote overseeing shall be of the stockholder status.

Article 11 In regards to the resolution of proposals, unless otherwise provided for in the relevant law and regulation or Company's articles of incorporation, resolution shall be passed by a majority of the voting rights represented by the stockholders (or proxies) attending the meeting. The proposal for a resolution shall be deemed approved if the chairperson inquires and receives no objection. The validity of such approval has the same effect as if the resolution has been put to vote.

If there are amendments or substitute proposals for the same proposal, the sequence of which to be put to vote shall be decided by the chairperson. If one of the two proposals has been approved, the other shall be deemed rejected without requirement to put it to vote.

The results of voting shall be reported on the spot and kept for records.

Article 12 During the meeting, the chairperson may at his/her discretion declare time for break.

Article 13 The meeting shall be adjourned if encountering an air-raid alarm during the meeting. The meeting shall resume one hour after the alarm is lifted.

Article 14 The chairperson may maintain the meeting order by instructing the security guards. The security guards shall wear the armband for identification when helping maintaining the venue order.

Article 15 The stockholders (or proxies) shall obey the instructions of the chairperson and security guards in terms of maintaining the order. The chairperson or security guards may exclude the persons disturbing the stockholders' meeting from the meeting.

Article 16 For matters not governed by the rules specified herein, shall be governed according to Company Law, Stock Exchange Law and the other related laws and regulations.

Article 17 The rules herein take effect after approval at the stockholders' meeting, the same apply for any amendments.

*In case of any discrepancy between this English translation and the Chinese text of this document, the Chinese text shall prevail.

III. Election Procedures of Directors and Supervisors for Far Eastern New Century Corporation

1. The election of directors and supervisors shall be pursued in accordance with the procedures herein.
2. The election of directors and supervisors adopts the method of accumulated vote-counts. The attendance card number of the voters shall be used on the ballot instead of the name of the voters. The ballots shall be prepared by the board of directors, numbered according to the attendance card numbers and noted with share number represented for voting.
3. The election of directors and supervisors shall be pursued according to the number of position required. The independent, non-independent directors, and supervisors shall be elected at the same time, and the number of votes for elected candidates shall be calculated separately, and the candidates that obtain more number of votes shall be elected. If there are more than two candidates obtaining the same number of vote but the number of position offered is limited, a draw shall be made amongst the two candidates to determine. The chairperson shall conduct the drawing for the candidate who is absent.
4. In the beginning of the election, the chairperson shall assign two personnel for vote overseeing and vote counting, respectively. The personnel for vote overseeing shall be of the stockholder status.
5. The responsibility of the vote-overseeing personnel's responsibility shall be as follows:
 - i. Check and seal the ballot box in public before ballot casting.
 - ii. Maintain the order and check for any negligence and illegality for voting.
 - iii. Unseal the ballot box and check the ballot number after ballot casting.
 - iv. Check for any invalid ballots and hand in the valid ballots to the vote-counting personnel.
 - v. Oversee the vote-counting personnel recording the ballot numbers received by each candidate.
6. If the candidate is a natural person with the stockholder status, the voters shall fill out the ballot with the name and stockholder number of the candidate. If the candidate is not of the stockholder status, the ballot shall be filled out with the name and identification number of the candidate. If the candidate is the government or juristic stockholder, the ballot shall be filled out with the number, the name of government or juristic person and the representative name. If there are more than one representative, all the representative names shall be listed.
7. The ballot shall be considered invalid in any of the following situations:
 - i. Not the ballot provided under the rules herein
 - ii. One ballot with more than two candidate names listed
 - iii. Blank ballot
 - iv. Ballot not filled out according to article 6 or ballot with unrelated writing to this election
 - v. Written characters blurred and not legible
 - vi. Incorrect candidate information on the ballot
8. There shall be one ballot box for director and supervisor elections, respectively. The ballot counting shall be pursued separately for the two elections.
9. When all the ballots are cast in the box, the personnel of vote overseeing and counting shall simultaneously unseal the ballot boxes.

10. The vote-overseeing personnel shall be present for vote counting.
11. If there is any question about the ballot, the vote-overseeing personnel shall check whether it is invalid. The invalid ballots shall be collected and kept separately. The vote-overseeing personnel shall designate them as the invalid with signature and seal after ballot counting.
12. For the results of ballot counting, the vote-overseeing personnel shall make sure of correctness of the total ballot numbers after combining the numbers of the valid and invalid ballots. The numbers of the valid and invalid ballots shall be recorded separately and the chairperson shall announce the elected.
13. The elected directors and supervisors shall be given the election notification by the board of directors.
14. The rules herein take effect after approval at the stockholders' meeting. The same apply for any amendments.
